Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rules 1.323.

An error on a patent can be corrected by a certificate of correction, if appropriate. Accordingly, a petition under 37 CFR 1.183, is required to correct the alleged error in the Assignee, since the assignment data is printed solely in accordance with the PTOL-85b (Issue Fee Transmittal), submitted by applicant at time of payment of the base issue fee, and since the error was the result of applicant's failure to comply with the requirements that the complete and correct assignment be indicated on the PTOL-85b, no correction is in order here under the provisions of Rule 1.323 unless a petition is granted.

In view of the foregoing your request is hereby denied.

However, a petition under 37 CFR 1.183 should be directed to the attention of the Assistant Commissioner for Patents, using the following mailing address or FAX number.
